

Birds of Cheyenne Bottoms

The Cheyenne Bottoms basin is a 41,000-acre lowland, located seven miles northeast of Great Bend in Barton County, Kansas. The protected land consists of the 19,857-acre Cheyenne Bottoms Wildlife Area managed by the

Kansas Department of Wildlife & Parks and the 7,695-acre Cheyenne Bottoms Preserve managed by The Nature Conservancy. The Bottoms is primarily wetland habitat but also includes grasslands, agricultural land, shelterbelts and riparian areas. Management of the Wildlife Area is directed at migratory waterfowl and shorebirds, while the Preserve manages for shorebirds and grassland birds.

Cheyenne Bottoms is considered one of the most important ecosystems in Kansas and has been designated a "Wetlands of International Importance" by the Ramsar Convention on Wetlands and a "Globally Important Bird Area" by The American Bird Conservancy.

At least 333 of the 471 species of birds known to occur in Kansas have been recorded at the Bottoms. There are 134 species that breed and nest on the area, 148 species that may winter here and 63 species that are permanent residents.

Approximately 40 species of waterfowl and nearly 40 species of shorebirds have been reported from the Bottoms. In both spring and fall migration, large numbers of geese, ducks and shorebirds can be observed in the tens of thousands. Cheyenne Bottoms Wildlife Area is one of the premier waterfowl hunting locations in the Central Flyway. The combined state-owned and Nature Conservancy properties comprise one of the best birding areas in the country.

SEASON CODES

(S) Spring = MARCH - MAY
(S) Summer = JUNE - AUGUST
(F) Fall = SEPT - NOV
(W) Winter = DEC - FEB

ABUNDANCE CODES

a-abundant : common, numerous birds can be seen daily
c-common : certain to be seen in suitable habitat
o-occasional : present, but not always seen
u-uncommon : seen a few times per season
r-rare : seen in 2-5 year intervals
accidental : very few records exist

(* Documented breeding species, meeting the requirements for a Probable or Confirmed Breeder as defined by the Kansas Breeding Bird Atlas Project.

Equal opportunity to participate in and benefit from programs described herein is available to all individuals without regard to race, color, national origin, sex, age, disability, sexual orientation, gender identity, political affiliation, and military or veteran status. Complaints of discrimination should be sent to Office of the Secretary, Kansas Department of Wildlife and Parks, 1020 S Kansas Ave., Topeka, KS 66612-1327. 01/09
